The above country is a dangerous place to live in because of the amounts of knives, guns and other weapons there...and the Raiding Parties are dangerous, so sorry but no 😊

No. Their society seems to be overly aggressive, oppressive and ironically unintellectual.

Nah. Seems kind of terrible going by stats and there isn't much factbook info to counteract that.

BN: since this technically includes 3 nations, use [Ylvaaris](#) for reference.

Not a fan of having no freedom so nope, but it does have a really cool factbook and backstory.

hmm, should i write a factbook?

All NS stats ARE canon except population (for obvious reasons) and income tax (which, going off government spending as % of GDP, should average 15%)

Definite no.

- Traditions are ideas that once, long ago, had merit, but have lost it. For society to have any meaningful progress, traditions are to be left in dust.

- Reaction is going in the direction opposite of progress. Have you heard of Order No. 227? "No one step back!"

One of the few nation's with a frightening economy, without a single car. One of the most developed nations, but our government is corrupt as fridge. Tourist hot-spot, but the ruler Vindalbal II refuses to even put basic footwear on. Environmentalist, Nationalist, Vincaracist, Gladesville. PewDiePie is also a nasty person.
