"Have you ever sat down for a moment after reading something depressing, like a family dying in a car accident or Valve not updating TF2, and thought; 'what is wrong with this twisted world? Why is it that society lets me down everytime I want to be happy?' Don't worry. We know the answer to that, and so much more... just take this machete in your hand and come along with me, luv..."

TL;DR 'we live in a society'-type nihilist anarchist terrorist group evolved from a street gang in London that embraces violence, detests conformity and the law, and pride themselves out of committing crimes, getting into mischief and acting out their most depraved and extravagant desires in order to bring about the downfall of society... just for a bit of fun.
