Monkey 535 was waiting in line to have surgery, but the doctors took too long and he eventually died of 16 broken bones, 1 punctured lung, and severe brain damage.

Monkey 530 was in charge of disposing of 532's body. Unfortunately, 532 had a never before found extremely deadly disease, so 530 died on top of 532's body.

Monkey 527 was pissed that his worst enemy, monkey 9975 was reanimated by SOMEBODY who didn't understand that monkey 9975 died long ago. Infact, he was so pissed that he exploded with the force of a nuclear bomb.

Monkey 523 realized that Monkey 528 did not exist. After this, he shrugged it off, and went to the store to prepare for his road trip. He took US-97 down to Klamath Falls, before his car was crushed by a boulder. However, Monkey 523 still survived. He decided to fly over to Switzerland, and drive on a mountain pass. Unfortunately, his poor car driving got the best of him and ran him off the mountain, however, he still survived. Then he tripped on a rock and fell into a deep pit, eventually dead.
