Winner of Brush War and USSN-Aryevska War

You could make like Ocala and design special combat ribbons to symbolize each war (with links to their respective RP threads, of course). That'd be cool, I think.

The defense readiness condition (DEFCON) is an alert state used by the United States Armed Forces. The DEFCON level is controlled primarily by the U.S. president and the U.S. Secretary of Defense through the Chairman of the Joint Chiefs of Staff and the Combatant Commanders; each level defines specific security, activation and response scenarios for the personnel in question.
