If the plane was allowed to be flown and allowed to be under a bridge (regardless if was allowed to be under the bridge), public endangerment laws gets a 3000 baht fine. If the plane was not allowed to be flown, 3 years in prison for stealing (may be grand larceny if it was a big airplane) and 10000 baht fine for public endangerment.

Depends: why exactly where you deported? Andronya is pretty remote, so you have to be pretty motivated to get here to begin with, so what are you here for? Can go from getting deported again to being granted a VISA if you have good reason.

Mercenaries are important to world stability when governments cannot fulfill their legitimate treaties with other nations, or when social order has been destroyed and people need protected from tyrants and warlords.
