The Confederate States of America

"Under God, our vindicator."

Based on the Southern Victory novel series by Harry Turtledove, the Confederacy wins the American Civil War and becomes its own country separate from the Union. Need to be careful though, racism is not cool as per usual. Person behind this is the same as [The Imperial State of Ateria](#). 20th century warfare is pretty damn metal.

New banknotes to be released

Make sure you don't announce later that the old ones will no longer be legal tender within a few months and then backtrack after a short while, instead allowing both to remain in circulation.

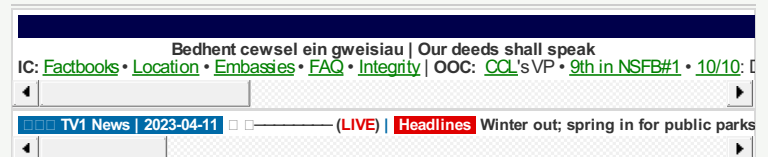

(That was not a joke.)

Now that's a surprise to hear, given the nation.

I love how you're holding FT & FFT nations with absurdly massive armies and navies up to a mirror and showing how unbalanced they are in an RP sense.
