(the above spam is non-canon under the Monkey Security Council)

Monkey 14 proceeds to take over the Monkey Empire and campaign once more against the Dark Monkeys.

A fierce battle rages above planet Earth as the two celestial empires clash in one historical battle.

Regent Monkey 14 leads his troops to fight in the space, air, and grounds of Earth as they utilize their weaponry and ground vehicles to launch armored assaults against Dark Monkey troops.

Eventually, the Monkey Empire gains superiority in its fight against the Dark Monkeys on Earth. Monkey 14 declares victory but is shot by a stray Dark Monkey sniper who hid in the edges of the local woodland.

The Monkey Empire mourns for Monkey 14 but the remaining leaders promise to finish off the Dark Monkeys and restore balance to the universe.

Monkey 13 was teleported into a giant boulder with only his hand and mouth sticking out. So basically, he's encased entirely in rock and can barely breathe. The other monkeys feel too bad to let him die so they feed him, even though he's stuck in a boulder.

Eventually he died from cold weather during the winter. He was teleported into the rock during the spring.

Monkey 12 takes over the Monkey Empire as Regent. However, he decides it is time to abolish the monarchy and instead establishes the Monkey Republic. Together with the Monkey Council, they begin plans to take down the Dark Monkeys that now control half of the universe.

In one heavy assault with billions of monkeys fighting on both sides, Monkey 12 wins the decisive battle of the Milky Way. The Dark Monkeys retreat across billions of billions of miles of space to try and escape the Monkey Army.

Monkey 12 vows to finish off the remaining Dark Monkeys but he is soon assassinated by monarchist rivals in his own house bedroom.

Monkey 10, leads the Monkey Empire in another victory at the edges of the universe. Together with some rebels of the Dark Monkeys, they successfully defeat the Dark Monkeys and drive billions of them into a black hole with force.

monkey 10 is assassinated. investigations start immediatly, revealing a new threat: hoomans (not humans). dark servants of the long gone doge empire. they outspeed, outstrength and idk what else the monkeys. can the republic win? or will it fall under the dark forces?

Taiwan is a country, Tianmen protests DID happen, and the Chinese government is a dictatorship. Deal with it.
