Afghanistan has modernized its army in order allow itself to maintain its reputation as the graveyard of empires and "remain free of western imperialists and godless communists."

They're atypical Orwellianist edgelords roaming around NS thinking this hasn't been done before.

AN (Kronova):

Their Socialism is very grounded in Leninism, and I'm glad that they take theory into practice above all else. The people-before-party approach is also evident but not mutually exclusive to this fact, as revolution in Kronova has support of the Mass Line. Intellectuals aren't a class in society, and that's great. May it last a thousand years and more.

Whereas Northern Germany possesses a vast colonial empire from the Americas, to Africa, to Asia, Southern Germany by comparison has a paltry colony in North Africa by way of Libya.
