The Federal Reclamation Initiative of the United States of America

It's 2035, 62 years have passed since the world became a nuclear wasteland. The world became ruined through the efforts of Southern rebels in the United States. Who, after losing the 1972 Presidential Election to Senator Kennedy capture nuclear weapons and activate them. The hours after this see a nuclear exchange between the Soviets and the US over miscommunication. Luckily most of the Federal Government had managed to retreat to bunkers across the country. Decades later they have now returned to give America a second chance.

It is 1938, 20 years after the **Great War** and the German humiliation, and democracy has persisted in **Germany** in spite of attempts to subvert it from the secret societies of the far-right **Thule Society** and the reds of the **KPD**. However, **Berlin** becomes a battleground of poverty, debauchery, and political extremism as various paramilitary forces fight against each other in the streets. Yet the development of a secret arcane martial art known as the **Seelenfluss** and the weaponization of esoteric lethal fencing techniques may change the tip of German politics forever...
