I love how Janet has nothing to do with the royalties to his music but Michael's other siblings and his parents are still fighting over them. She is secure in her own success and actually loved her brother enough to just leave it be.

Janet - [Runaway](#)

This takes me back to the nineties and rollerblading around Skate City in Aurora Colorado when I was a little kid.

That's very true and I would agree with you that she is the most respectable person left in the Jackson family.

Also I liked Michael and Janet's song they did together - [Scream](#)

I totally remember watching the behind the scenes making of that video with my little brother. We had just had cable television installed because my parents could finally afford it and I thought it was so freakin' cool to finally have MTV. That is awesome!
