Yup. Next album after is Terria, after I either pick a Radiohead album to go through or go through Flood by Boris. Which will probably be after I be productive in real life.

I think Spotify is giving me a break after bombarding me with advertisements earlier. Haven't had an advertisement in a while now.

Edit: Is that "The Death Of Music" or "Thing Beyond Things"? Because on Spotify I have a bonus track that might be different then the actual last song you're referring to
