Becomes a Little Political in all Directions

Lidheral fascism

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

Alaska

The Tsardom of

Царство Аляски, or the Russian Empire lives on in its old colony, Alaska after the conclusion of the Russian Revolution of 1917. Standing with its allies against the Moscow Accord of Russia and its alliance members, nevertheless world tensions dwindle and the people of Alaska grow ever more desensitized with the conservative status quo, and their insistence on clinging to a now redundant past.

The Princessdom of Hyrule. A fanfiction based on the Legend of Zelda :: Twilight Princess that takes place half a decade after the conclusion of the game. A new caste of Hyruleans, no less the newly built army resent the old Guard and Princess-Sovereign Zelda for the surrender of the realm to the Twilight and the weakness of Hyrule from invasion...

Meanwhile, the Zora worry greatly about the militarization of Hyrule, and the Goron less so due to the Economic stranglehold of the Rupee of which they have as leverage.

Never again shall Hyrule fall, and never again shall we sully the name of Hylia under our weakness!
