That makes one a traitor to the nation, Thus the punishment is being hanged, drawn and quartered.

Knocking a person out and kidnapping them with the intent to perform plastic surgery to make them look ugly/uglier?

Yet another German Empire clone.

That would be counted as treason. So the minimum punishment you could get is 12 years in labor camp and the maximum one: death.

Beating, burning with cigarettes, throwing on a hot stove and pouring boiling water over your 8 year-old step-son. He dies many days later.

100 death penalties. The convicted would be clinically dead, then revived 99 times, and killed off for good the 100th time.

Not a crime in itself.

Vandalism of public property?

It is true that not all **X** are **Y**. But as long as **X**-ness can be used as a defense for **Y**-ness, it is reasonable to be suspicious of it.

Nation *mostly* reflects my views, but I'm not allowing myself to dismiss issues.

Not a crime, we already live a rather communal lifestyle, and communism as it relates to other countries is not really a common thought here.

Membership in a Communist party warrants a maximum sentence of 2 Years Labor Detention. Communism and Fascism are treated legally as similarly bad. Both are mainly associated with gangs rather than any extant real political factions.

Unjustifiable Homicide:

Homicide, 1st degree (willful premeditated) -- Execution by firing squad (upon request of convicted --only rarely granted), hanging (most convicts), defenestration (required for public officials and civil servants) or lethal injection (mass murderers, those that show contempt for humanity).

Homicide, 2nd degree (willful (mitigating circumstances), gross negligence) - 10 years to life (hard labor)

Homicide, 3rd degree (gross negligence (mitigating circumstances), wanton disregard, etc.) - 5 to 10 years (hard labor)

Homicide, 4th degree - (most other) - 1-5 years (hard labor).

Homicide, 5th degree (accidental homicide with extenuating circumstance) -- varies from up to 1 year probation to up to one year hard labor.

Justifiable Homicide (for example, defending oneself from a homicidal maniac):

No charges.

As long as the said film did not make apology/support to the enemy and/or its ideology, it would not be a crime. At most, there would be a public repudiation note from the government and a an open letter from the King, both disapproving of the film and denouncing the immorality of both the film and its producers, directors, actors and everyone involved.

On the other hand, if the movie declared support or made apology to the enemy, everyone involved in the film would be punished for treason and could choose between death and exile in the enemy country or nearby.

Seten currently has no banned books, but for a book to be banned it would probably have to slander a government official. In that case, showing a banned book in a school district would be treated as defamation and misinformation, but since the misinformation would be against children who do not possess fully developed critical thinking skills, the crime would be treated more harshly. All in all, that would probably be any where from 500 credits (one credit is equal to 2.7 USD) to a year in jail.

Sexual assault.
