Parliamentary is hard... either People's Revolutionary Party or Scientific Research Party.

Extra-parliamentary is Earth Liberation Party, no others stand out to me.

My nation - which is pretty much just a unified Korea with some extra territory - represents my real views, as does pretty much anything I say on the forums. NS stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.

Quartian Environmental Party 100%

An alt-history Turkey where Recep Erdogan and his Justice and Development Party lose the 2005 election and never enter government. MT, shared nation between Barlyy and Arisyan (though Ari doesn't sign in on it often).

“ Democratic Turkey wrote:
Quartian Environmental Party 100%

"Were I a citizen of the Republic, it would be a difficult choice between the Republican People's Party and the People's Democratic Party. On the one hand, democratic socialism is the bread and butter of my own party, Labor, which makes the People's Democratic Party seem like the obvious choice. On the other hand, I am wary of populism—I tend to associate the term with deliberately stoking the masses as a political strategy. Perhaps I am misjudging, in which case, I ask for the People's Democratic Party's forgiveness. But without other context, that makes me lean toward the Republican People's Party. But then, I am forced to confront my unfamiliarity with Kemalism and the philosophies of Mustafa Kemal Atatürk—I don't quite know what Kemalism means. So I am left with two choices whose platforms both have one element I don't fully understand! Hence my failure to completely narrow it down to one choice."

—Premier Fukushima Sonoko

In order of preference, Green Party, Labor Party and Village Love Party.

An alt-history South America where 7 Brazilian states and sections of Suriname, Venezuela and Guyana separate to form their own country after the Bolsonaro regime nearly burns down the Amazon.
