Something about it gives me red flags. Makes me feel like its a 3rd world tinpot dictatorship that rigs elections and gasses protestors. But it doesn't give that feel strongly enough that I'd raise the rating higher.

The Reformist Military Republic of Serkin.

Led by Commander Manuel Carvajal, Serkin is a nation with an anti-neko policy, after the victory of the Reformist Faction in the Serkinian Civil war, against the Monarchists and Communists.

This is all I can tell you for now.

A strictly socialist, absolute monarchist, theocratic, ultra-nationalist, traditionalist, pagan, isolationist Slavic nation.

The nation doesn't represent my RL views.
