I'd say this nation is about 85-90% representative to my beliefs. About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

It means you were replying to someone, but someone got there before you, so now you're talking about AAN rather than AN. It's usually expected that you create an additional response to AN if this happens.

Depends on what happens to the victim, though they are the same as if you attacked a non-minority. If you inflict minor injuries, 1-3 years in prison. Major or severe injuries will land you 5-10 years. If you kill them, 10-25 years.

Someone in the government proposes the construction of what is pretty much an extermination camp.

It's just another day in GSRZ. Or Goldkust. Or any other place dealing with ingenious population attempting to gain freedom from being a colony. Extermination camps there are necessary to quickly concentrate interrogate and exterminate extreme amounts of insurgents that are usually captured. No one would care.

Forcibly sterilizing someone would likely carry a heavy prison sentence; unlike many other crimes, this is something no one does unless they have sheer, unadulterated malice in their hearts. However, transitioning is something so normal in this setting in general that transness is barely even remarked upon, just something you might want to mention before you get married in case your spouse wants children.

Ninja'd

Court marshaling and possibly execution. Prison in Red Lake is supposed to be rehabilitative for citizenry; if a military leader were to enact a nuclear strike against a civilian target, it might finally be enough for the state to decide that someone is beyond help.

Being a member of a communist political movement (not a crime in Red Lake - in fact, it's communism is pretty close to the current ruling party's ideology. Just wondering if other nations have... er, different policies)

Depends. National-Communist political movements are fairly popular and generally unrestricted, however anything including anti-colonialism can and will bring public ridicule. Some communist organizations are banned for anti-government and/or anti-state violence, and belonging to such an organization can easily land one a few very unpleasant days over in one of the state's counter-intelligence organizations.

No punishment, but you will be publicly shamed by everyone and probably lynched, in which the police will rule your untimely hanging as a suicide.
