The Books - Enjoy Your Worries, You May Never Have Them Again

One of the greatest bands of the 21st century. In my opinion, of course.

Magic: Non-negotiable

Tech levels incompatible? Then kick me out of the thread, because if you RP with me you accept my tech.
Note: Before 2480, Olwe was called Athan. If you see this word in a thread, it's because you mentioned a year incompatible with Olwe in that thread but still made it open to all techs and therefore are allowing Athan's magic.

Secret Chiefs 3-Hamaya

Since I am hopefully going with my dad in May to see these guys, figured I shall listen to one of my favorite songs by them. This is just a small example of how great they are, though, and their music varies wildly.

Otto Von Schirach-Diamond Eyes

I dunno why, but this song is freaking creepy. I think it is the mixture of the lyrics and vocals....I swear it eats at your brain, too.
Everything my dad shows me by this guy is seriously odd, too.
