*Losing My Mind* - Liza Minnelli

Although the ending is out of place with the rest of the song, it is an interesting crossover between 80s synth pop with an award-winning actress. Just out of sheer curiosity, I wonder if there was an original crossover between dubstep and an award-winning actress?

Song for my father  
-- Horace Silver

<https://www.hvst.com/posts/the-clash-of ... s-wl2TQBpY>

The West won the world not by the superiority of its ideas or values or religion ... but rather by its superiority in applying organized violence. Westerners often forget this fact; non-Westerners never do.  
--S. Huntington

The most fundamental problem of politics is not the control of wickedness but the limitation of righteousness.

--H. Kissenger
