I use two systems simultaneously, 0-5 for individual songs and 0-100 for whole albums.

0-5

0-100

Peer Günt - Midnight Train

That's a good system, I like it. I usually reserve 5 for songs I consider masterpieces though.

Blind Guardian - Wheel of Time

Silversun Pickups-The Royal We

Still some of (And one of the only) the best shoegaze-ish stuff I know.

Even though it was their weakest received album their most recent is my favorite. They changed too much for people probably...

Like with MGMT.

1st half of this album is the most solid. 2nd half isn't as good.
Probably would rate the album a 7 to a 7.5
