Gives off the feeling less of a proper government and more of the structure of a loose society/activist group, the closest thing resembling 'governance' being a small circle of figureheads with authority built on reputation and the likes instead of concrete regulation.  
looking back on this I feel like I'm just echoing what i remember about AN so the next poster is free to /skipme

Hi, it's been a while. If you're seeing this then it means what I'm working on is not quite done yet. You can still read my old stuff but it's probably not canon anymore. I'll try to get something up soon. It may or may not involve wizards.
