The furies end up trying their luck again and allying with the Mongolians this time. They then attack Rome in a series of shocking events. Caesar is now surrounded by a group of angry Mongolian furies that want to turn him into their kind again

The story commences with the arrival of Caesar, who swiftly commits a heinous act of homicide. As the plot progresses, Caesar embarks on a grandiose journey that encompasses an incredible one-thousand-year span. As time passes, Caesar gradually ascends to the revered position of a divine being, solidifying his legacy in the historical records. As he embarks on his journey towards his fresh dwelling, he bids farewell to all that was once familiar to him, ready to embrace a new persona as a non-furry entity. Through his perseverance, the protagonist bravely wages a war with the blazing sun, only to discover that true happiness lies in the embrace of family. As a divine being, he effortlessly conjures a brand new universe, making the first man and setting the foundation for life's grand journey. now man gets to be punished by ns

Nation's views are **NOT** representative of my political views IRL, although some views may or may not match. Will **NOT** disclose which views specifically.

NS stats (civil rights/economy/political freedoms) mostly NOT canon. There are some civil rights and liberties and political freedoms in Vertillia but the government is mostly authoritarian, especially when it comes to immigration, climate change, crime, and punishment.

More info coming soon!

Man travels back in time to invite Fritz-Julius Lemp to sink the Carrier Strike Group 12, they somehow manage to sink CSG-12 after hitting the Gerald R. Ford with a torpedo, causing the crew to panic, ramming into the USS Normandy, capsizing it and detonating the Tomahawk Cruise Missiles, which then caused even more mass panic, and so on, ending in the complete sinking of CSG-12. (based off wierd shitpost-esque fever dream I had when I watched a documentary about CSG-12 and Fritz-Julius Lemp for some fucking reason when I was sick on a certain day.)

OOC: That was uh...quite a dream.

IC: Man invites Lemp to come with him to a Planet Hollywood to order some burgers. While waiting, Man pulls out a battle-axe bong he smuggled in his pants and they both let one rip with some Acapulco Gold. They both then shout in unison "DROP OUT OF LIFE WITH BONG IN HAND"

on duty police swarm around Man and Lemp and the police yell "Caught red handed smoking drugs in public, your both going away for a long time and I'll make sure you get the harshest judge and get sent to the harshest prison!" the police cuff Man and Lemp and stuff them in the back of the police car

Oww.

The police car comes to a screaming halt and the police jump out "Oh no you don't you little sh*t!" yells one of the police officers who gets out his baton and smashes Man's legs before dragging him back into the police car and cuffing him once again. The police car speeds up to the courthouse and the police waste no time dragging Lemp and Man before the judge.

The judge speaks "On count of possession of drugs, GUILTY, on count of public intoxication from drugs, GUILTY, evading police capture, GUILTY, causing public nuisance, GUILTY for a total of 465 years imprisonment, sentence to be carried out immediately"

While waiting in prison, Man and Lemp are eating a lobster meal before the warden walks up to their cell. He tells them that Man was pardoned by President Biden and that he's let go, but that Lemp, being a Nazi piece of sh*t had his bumped up to an execution. Man is escorted out while Lemp is sent to the electric chair.
