Dictator-backed dedication to absolute civil freedoms, ultrabureaucratic pseudo-socialism and heavily-armed neutrality. Fueled by PMT\*/FanT nanopunk schizotech, eldritch red tape and snazzy neo-cold war aesthetics on a broken continent.

★ Factbooks are currently in the middle of a Big™ Rewrite™, almost everything's out of date and ugly. Don't read them. ★

8/10. That flag's up to something.

Take the NS Stats with a grain of salt - not all generated policies are completely consistent.

1/10 not that evil

Note: Many factbooks are in a constant state of WIP or being considered for entire rework or deletion

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

Something like 3/10, only because there's a dragon.

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.
