When was the last time someone used the "challenge" feature. I always forget that it even exists.

I use that when I'm bored.

See, now I'm wondering if I ever visited NS while I was in school. I feel like I *must* have (and I'm talking about during school hours, of course, obviously I was in middle school when I made this account) but at the same time, I'm not sure if I did? This wasn't pre-smartphones but it was still 'pre-everyone has a smartphone' (I didn't get my first smartphone till I was like 19 tbh) so the only internet access I'd have at school was the library, computer class, or whenever we'd go to the computer lab/get laptops for something in another class, so hmm.

Eh, most if the users(including me) came here around the summer, so that might explain something.

Oh shoot, Challenge. I need to play that again, lmao. I am stuck on some level, apparently unable to progress further.

Yeah, if there is a NS feature, chances are good that I will know it. I am not sure if that is me being dedicated to a site I love, or actually sad because I committed too much.
