Incumbent Javier Caballero wins first round of Chilean presidential elections with 28% of the votes, challenged by right-wing populist opponent.

Nice parallel to IRL Chile, only slightly different. I like it.

The Princessdom of Hyrule. A fanfiction based on the Legend of Zelda :: Twilight Princess that takes place half a decade after the conclusion of the game. A new caste of Hyruleans, no less the newly built army resent the old Guard and Princess-Sovereign Zelda for the surrender of the realm to the Twilight and the weakness of Hyrule from invasion...

Meanwhile, the Zora worry greatly about the militarization of Hyrule, and the Goron less so due to the Economic stranglehold of the Rupee of which they have as leverage.

QnA (In construction)

So in construction that it's not even there eh

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.
