I'm not listening to any music right now, but my mother found a big box of old records in a closet today, so you can bet I'll be posting here more often.

[The United Settlements of Sitka - the land of friendly vampires, camaraderie, and cloudberry pie](#)

A small corner of the world in 1872. Set in the world of the video game *80 Days*, with supernatural beings mixed in. Several factbooks need to be redone.

I'm socially awkward sometimes, and bad at keeping up with things due to life's hecticness, so I might not always be the best at roleplays etc.

The Times: Englishman Phileas Fogg departs London, having bet £20,000 that he can circumnavigate the globe in 80 days.

Local News: Karl Marx visits Sitka, is "impressed".

"Wiederganger Blues" - Nocte Obducta

Interesting atmospheric/black metal music with other influences too.
