Arrested, tried, and likely jailed for reckless assault that could endanger citizens. Misdemeanor jail term, not more than six months.

Not vaccinating children for easily preventable diseases.

Just think of the Pacific Northwest under a charismatic, theocratic ruler who has many wives, lovers, etc. and was directly appointed by the hand of God. With plenty of both leftist and some rightist policies in place under his enlightened guidance. Very sex-positive laws, too. This ain't your grandfather's theocracy. It's a utopia in the midst of a post apocalyptic Dark Age.

Punishments ranging from fines and restitution for petty theft, as well as trespassing from said business, to two to ten years imprisonment and hefty fines in cases of grand larceny.

[insert bad response like Aswaltica always gives as an equal] Uhhhh, death?

For AAN: What idiocy did you just display, to a piglin? The piglin would likely give you a few wounds or even death, which would not be punished, as Piglin customs would be deeply opposing to your acts. If you survive, you get fined, and if you have land, part of it is taken away.

And the crime: Throwing cheeseburgers at YL.

OOC: But the tripwire was made of nanomaterials to cause extra suffering by cleanly taking off the victim's legs at ankle height, so not only embedding sharapnel, but rendering them unable to walk too /skipme
