The **Empire of Murdenhall** is a modern, technologically-advanced nation that exists in the frozen rigids of the far south. Imagine what would happen if a bunch of Vikings read '1984' by George Orwell and thought "*hey, that sounds like a pretty good foundation for a society*". Throw in some Game of Thrones-esque notion about divine blood, a revisionist attitude and power plays aplenty and you have what can be described as a very nasty, very dangerous and very cool place.

Contrary to what a handful of elitists might say, you have a very nice-looking flag. Also, your flag reminds me of the Sultanate of Zanzibar

Edit: Aerlanica reminds me of the Philippines for some reason
