All NS Stats are canon.

Oh, and I guess you can make up anything else about this nation, like geography and such, based on your own imagination. I don't really plan on writing lore on this nation, at least for now.

"We won't be taxing, bureaucratic hypocrites forever!"

We're currently fighting a just and not at all drawn-out war in the Senora Wasteland against the Roman cosplaying enslaving scumbags known as Caligulas Legion! Suck it and die from your 'headaches', you bald b*stard.

Are you aggressively coked-out? Do you join regions for no reason? Do you like copious amounts of drugs, eating Mexican food from taco trucks and the searing hot desert sun? Join Calexico and Mexicali then, moron.

Do you too wish to patrol the Senora, almost making you wish for a nuclear winter? If so, consider joining our Embassy Program

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay
