The new Alt-J album.

It's fan-fucking-tastic. I am in love with Bloodflood Pt. II and The Gospel of John Hurt.

Arrival in Nara, Nara, and Leaving Nara are also very good.

I liked Hunger of the Pine and Left Hand Free before the album got leaked...

But after listening to the whole thing, the small Miley Cyrus sample in HotP bugs me.

And Left Hand Free doesn't fit in the album at all, but it's still a fun song.

I'm a cis-het male. Ask me about my privilege.

Kongos-I'm Only Joking

Huh...the other song I know by this band, while I found it vaguely interesting, I also tended to find really irritating at the same time, despite the interesting aspects of it. Then my dad said this song played on the radio and he was like "Wait what? Same band?". Certainly weird that this is the same band...I actually kinda like this song.
