Hi, it's been a while. If you're seeing this then it means what I'm working on is not quite done yet. You can still read my old stuff but it's probably not canon anymore. I'll try to get something up soon. It may or may not involve wizards.

They have voluntarily subjected themselves to a potential barrage of mockery and ridicule. However, unfortunately for their would-be bullies. It's quite an exceedingly difficult task to satirize a nation who never took themselves seriously in the first place.

We are the Union of Soviet Socialist Republics but in an alternate dimension. In our dimension, the Cold War is still going on and we've reformed our government similar to how China did, though we still kept the command economy.

NS-Stats are not officially used in RP, though I do tend to look after them just for fun.

Please know that my nation does NOT reflect my ideals, I am not a communist in real life, I just like history.
