It seems like a fairly nice area to live from its stats on tech, income, and lifespan; with those in mind I would find it cool to live there. However, with the extremely low inclusivity there's a good chance that living there could be hell, so who knows? With the no immigration there could even be no choice :3 But other than that, fairly good political freedom as well.

I love cats, but..... neko girls are kinda weird, and I don't think I would be comfortable living in Catsfern even if it is generally a nice place to live because of that

The **North Sea Realm**, colloquially known as **Northaria**, established 1421 A.D. A British-Nordic nation with strong democratic traditions and an elective monarchy.

We use NS stats, with the exception of tax rates and the related stats. The Northarian population is an estimated 75.7 million.
