I've seen them on the "Do Not Send Embassies" list of the PRAF. Not known, fascists deserve zero recognition. (especially since constructing embassies with the Fifth Empire of all regions).

I've seen them a few times on F7. Outside the forums, I've personally never seen them. I would say they are decently recognizable

AN: Seen throughout Forum 7.

BN: I formerly played under an account known as Wrongdenmark, before then moving to And Spaces, before I would just abandon NationStates completely. Never went on the forums in either nation, and Wrongdenmark only has one card in existence so it wouldn't have popped up in your inventory. I have posted frequently on the forums
