Monkey 3535 had difficulty with understanding that while all food is organic, not all organic substances are food. Please note for the record that eating several pounds of tar can have deleterious physiological ramifications.

~~Monkey~~ Monkey 3534, who was notorious for repeatedly using random capitalization, was beaten to death by another monkey who was tired of his shenanigans.

Monkey 3533, having endured monkey 3534's random capitalization for several years, is unfortunately charged with murder in the first degree for the slaying of monkey 3534, and is executed by the experimental procedure of Recto-Cranial Insertion

Monkey 3530 knew that 3532 died twice, but couldn't figure out what happened in their first death. He enlisted 3531 to investigate with him but they both accidentally banished themselves to the shadow realm.

Monkey 3528, who was fed up with his repeated usage of Caps Lock, was arrested for the murder of Monkey 3529. On the way to the trial, however, he was shot dead in a drive-by shooting that also killed the officers escorting him.

3525 was the hitman, and soon realized that he'd shot the wrong target. The boss had hired him to shoot a different vehicle with two different cops three blocks away and he done messed up. The boss banished him to a 55-gallon drum for his failure.

Don't use NS stats except for changes in economics, political freedoms, or civil rights which may eventually make their way into written canon if I get tired of worldbuilding.

Monkey 3518 bought Pizza Hut for Jabba the Hutt. He thought it was funny. Jabba did not and sent a Bounty Hunter to track him down.
