No, I hate capitalism

Saire Weevia started as a British Colony, then it was conquered by Russia, it became the only English-speaking republic of the USSR after the October Revolution, and then when the USSR collapsed they kept their flag rather than changing it and democratized their communism rather than adopting capitalism

On the one hand, I'd be living with some of the most talented fighters the world had ever seen, and Alis is kind of adorable in a deeply sad and tragic way.

On the other hand, I'd be constantly on the run from the AOU, a united Western mega-state obsessed with recreating a pre-war Atlantic hegemony, always wondering if I'll live to see another day.

I think if I was living in that world, Reaper Squadron would be the best place to be—inasmuch as I'd feel like in the Squadron I'd have the peace of mind of being on comparatively moral footing by not living within and taking advantage of a system that commodifies people. But if I *also* have the choice to not live in Reaper Squadron *and* not live in Reaper Squadron's world—well, that latter choice is my choice!

Sure, why not?

**Most NS Stats and Policies are *somewhat* accurate to how I envision this nation, but please try to judge this nation primarily based on its factbooks.**

This is my attempt to write a nation that embodies my political views, but is also played realistically, showcasing both the upsides and downsides of my ideal system. Most factbooks are still an active WIP, so let me know if there's anything you think can be improved upon

No.

Our nation is Poland, but there was a great Nazbol revolution, which overthrew the PZPR and freed Poland from USSR, in 1993. The Iron Curtain still exists, but it has changed its borders.

73% is a pretty steep tax rate. I'd hate to make, say, 200k, and lose almost 150k in taxes. Unless they have a good deal for expats, the answer is a resounding no.
