Man gets treatment in hospital, but he lives in a country with no free healthcare. He can't afford the bills and dies of poverty. NS Moderator regrettingly replaces the Man.

Man replies to this thread saying:

who is controlling me? /skip

There is no proof that Ashotu ever did anything wrong. In fact, historical records seem to show the exact opposite. One of his main acts of benevolence was the mass ejection of "High quality effort posters", who were fledgling tyrants that sucked away at our resources and contributed nothing of value in their few seconds in F7. Ashotu actively worked to improve The F7 Forum, in fact, with his ejection of the oligarchic tyrants known as "Famous F7ers" that masqueraded as democratic security agents being a true example to us all of strong leadership and the beauty of our fragile democracy.
