This is a puppet of the nation, Alevuss. I have the same political stance on everything when out of character. In-character, it's a despotate, required to hold elections and certain rights by Alevian constitution since 1999. Also, the colony is called Alevuss Puppet, but is sometimes referred to as Alevian Morocco.

Why is Everybody Always Picking on Me? by the Bloodhound Gang

My cousin turned me on to these guys some x years ago. There are some fun songs that these guys came out with, and some that I don't really care for.

Of course, the same can be said for most any band/group/solo artist's music.

Comrades, come rally!

The last fight let us face,

The internationale, unites the human race!

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
