DMX – What They Don't Know

Last DMX album I need to listen to.
Based on the few songs I've heard, it's probably going to be my least favorite...

If liberty means anything at all, it means the right to tell people what they do not want to hear. - George Orwell

Wise men speak because they have something to say; fools because they have to say something. - Plato

Johann Johannsson-Part 2

And this is the last Johann Johannsson album I need to re-listen to.
Slow plodding soundtrack-esque drone mix.

DMX – I Don't Dance

Yeah...this is the song I heard and wasn't really feeling. It's not bad, but...definitely not his best.

DMX – Get Your Money Up

Hmm...pretty decent album so far, even with the one horrid song.

If liberty means anything at all, it means the right to tell people what they do not want to hear. - George Orwell

Wise men speak because they have something to say; fools because they have to say something. - Plato

DMX – Already

7.5/10. Probably his worst album, but certainly not the horrid piece of shit it's painted to be.

My ranking for each of his albums:

Show Spoiler

Lowest rating I have for any of them though is this 7.5. I'd say that's pretty impressive...or that I'm just easy to please. ☐

Shalabi Effect-Imps

Some psychedelic rock sounding thing.

Down to only 5 categories of bands left to go through!

Also, at about 1,040 rated LP's, EP's, and singles on RYM (Mostly LP's). Feeling closer to catching up all the time!

M.I.A. – Paper Planes

Yeah. I listened to WAY too much music at one point. Now I've only been listening to a bunch to actually freaking rate them and figure out what I like enough, since I started doing that whole thing. I don't think I'll be listening to music so obsessively once I catch up....Kinda over that. I'll likely be more selective, especially since now I've pretty much established a certain style of this or that is just boring and not even worth bothering with, while before I didn't do that so much.

I still have lots of EP's to go through, though....That will be next...

My goal is to at least catch up on albums before I got to Sacramento. Doubt I'll catch up with EP's.

Shalabi Effect-Imps

This bands kinda...weird and experimental. I don't think I can really dig their whole albums, though I appreciate them.
