Monkey 5514 lived a very happy and productive life, and had familial relationships with many of his tribe and friendships with nearly everyone he met. He never seemed to do someone the wrong way, nor come across any grievances he didn't seek to correct. As he got older, Monkey 5514 predictably had more health complications, such as arthritis and some heart problems. One bright, sunny day, as he sat thinking about his blessings at the ripe age of 50, he felt pains in his chest and died later that day of cardiac arrest. He wasn't in agony, but died a quiet, simple death for a quiet, simple life.

Monkey 5505 found out what North Korea's Christmas present was early, and was executed for this reason.

Monkey 5504 tried telling the world about 5505's disappearance and was also executed.

Monkey 5503 then tried to out pizza the hut, causing Monkeys 5503, 5502, 5501, and 5500 to implode.

Monkey 5497 took a solemn vow not to sleep until it had figured out how the hell a firearm with the bullets loaded backward managed to fire.

He was later found dead due to sleep deprivation causing him to hit an oncoming vehicle while driving to work.

Shockingly, we *do* use NS stats, with the exception of lifespan.

Monkey 5496 tried to conquer the world, but was game ended in his sleep by his apprentice, Monkey 5495. Monkey 5495 then gained a new apprentice named Monkey 5494. Monkey 5495 decides to try and convince Monkey 5494 to join him by telling the story of Monkey 5496 to try and show him the yellow side of the Banana.

Monkey 5495 - "Did you ever hear the tragedy of Monkey 5496? I thought not. It's not a story the Humans would tell you. It's a Monkey legend. Monkey 5496 was a Yellow Lord of the Monkeys, so powerful and so wise he could use the Banana to influence the chloroplasts to create life... He had such a knowledge of the yellow side that he could even keep the ones he cared about from dying. The yellow side of the Banana is a pathway to many abilities some consider to be unnatural. He became so powerful... the only thing he was afraid of was

losing his power, which eventually, of course, he did. Unfortunately, he taught his apprentice everything he knew, then his apprentice killed him in his sleep. Ironic. He could save others from death, but not himself.”
Immediately after this, Monkey 5495 went to sleep, and his apprentice game ended him, just like Monkey 5495 had done to his master. Monkey 5494 then went on to take over all of Mars. He then died of old age, living the life his master and his master before him wanted.

Monkey 5492 went for a swim in lava, and his friend, Monkey 5491, assumed that he was dead, and left him. However, Monkey 5492 had survived, and swore vengeance on Monkey 5491. Eventually, Monkey 5492 got his wish, and killed Monkey 5491 in a swordfight. Monkey 5492 then later died by being struck by lightning. Repeatedly.
