Most NS Stats and Policies are *somewhat* accurate to how I envision this nation, but please try to judge this nation primarily based on its factbooks.

This is my attempt to write a nation that embodies my political views, but is also played realistically, showcasing both the upsides and downsides of my ideal system. Most factbooks are still an active WIP, so let me know if there's anything you think can be improved upon

New Democratic, Progressives or Greens. If there was a right-wing government in place however and I thought there was little to no chance of either of those three winning my constituency, I'd reluctantly vote Labour.

BN: Hey hey, it's MMP time! choose one party you'd vote for FPTP and one for PR.
