Depends on the level of violence, did you just beat up some people and cause some damages? You'll go to prison for a while. Did you go around shooting up everyone? Death penalty.

NINJA'D

You'll probably get sentenced to life in prison.

When a mother convinces a man that her child is the man's without being true, and makes him pay and take care of that child.

An example: The girlfriend cheated, but convinced her boyfriend the kid was his, even though it is of the affair partner, the boyfriend takes care of a child that is not his own.

Paternity Fraud.

It's a crime, not too serious, but the punishment is a repayment of child-support payments, as well as some compensation for hours at work lost due to essentially babysitting a child.
