"Otogi: Secret Spirit Agents" - "[Holidays from Hell Main Theme \(ogg file\)](#)"

Game from a company based in Hong Kong produced a song that sounds very similar to Fusionfall, especially the Future themes. The atmosphere of this theme is rather ironic since it comes from an event where you're sent out to stop killer robot maids because Satan & Santa were constantly misspelled in the game's universe, leading to the former become Hell's version of Santa. However, she ends up being rather lazy & fields an army of robot maids to deliver everything.

Cherissime ami! Behold, Shwe Tu Colony/World Machine/WoMac, the paracosm of a spoiled brat, taking everything, sparing nothing, mingling the childhood *incroyable* with the angst of a young man.
