Monkey 4908 insisted it was, "NOT A TUMA!" He was locked up in an institution where an unfortunate allergy to lithium killed him.

Monkey 4890 came from the future to prevent the Ten Thousand Monkey Genocide. After materializing in the middle of a busy city street, he was pursued and eventually captured by the police. Before they could interrogate him, M-4890 bit down hard on his cyanide capsule, and went to sleep forever.

Monkey 4889 was an agent for the police and searched the above monkey's pockets, finding papers on the genocide which he didnt know would happen. Shocked and horrified, he committed suicide by burning himself and the evidence, forever making sure that the genocide would take place unopposed.
