I think you'd like this project, Azrael. It's pretty dark at times, and also peaceful and mellow. And I'd say it would be a little sad to, which to me sad music can be peaceful...so yeah.

No problem. It's a project of Steven Wilson (singer of Porcupine Tree), and the singer of Opeth, if you didn't know.

TWENTY FLOORS ABOVE THE DARK STREETS OF THE CITY DOCTOR
LIGHT LIVED IN A RUN DOWN TENEMENT

awwwwwwwwwwwwwwwwwwwwwwwwwwwww yes

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Draugadróttinn - The Sun of the War-Gods

The language of *Draugaborg* is *Draugskur*. The demonym is *Draugaborgskúr*(male) or *Draugaborgskö* (female), both plural and singular. The adjective is *Draugaborgar*. *Draugskur* is a constructed and artistic language created by me, and is based mainly on Icelandic and Russian. Please note that its systems and grammar may be modified, so certain posts will be rendered void in retrospect.

Just making sure, because I know a lot of people don't read back on things. For me, I think I've read every single post on this thread so far (not the last one, because I got in about mid way or so), even if what I just read went right over my head.

Porcupine Tree-Octane Twisted.

I definitely need to get this album at some point. Forgot how much I dig it.
