Just added another electronic group/artist....in an electronic mood apparently.

Holy shit 170 songs. Not going through this one first...

I gave up on the idea of finishing the things I need to go through as is and instead I'm adding more that I feel more like listening to ☐

Hmm, so you got Melt Banana under "Melt-Banana" and "Melt Banana" on Spotify, that's why I thought there was only one...Talk about poor organizing.

I think I have a new record for shortest longest playlist...145 Melt Banana songs and only 4 hours and 28 minutes long.
