Ask limenov about the flag. It was purposely meant to be edgy. They were also ultra socially liberal and openly claimed to be degenerates. The other Russia and nazbol party are separate probably because of that.

Ehhh, with TNO becoming mainstream, that appears to be the case, though instead of every other nation it's every 4th nation. Though, "funni clockman" appears to be an alternative as well.

Eugenics, not in the traditional sense. Genetic engineering but no sterilisation and certainly not extermination.
Cultural homogeneity I have no problem with but personally don't feel very

strongly about it.

Oh ok, so it appears I'm a nazbol now.

Don't forget "basically Nazi Germany but we don't gas jews/slavs because (INSERT REASON)"

Those nations are usually Kaiserboo as well, which makes it worse because every time I see that mustache I get jealous.

Fair enough, makes sense. I appreciate the clarity from the misinterpretations.

It's a HOI4 Mod where Nazis win WW2, but instead of Nazis becoming a superpower (Ala Man in the High Castle), they collapse as soon as Hitler dies and all hell breaks loose. It could honestly create some interesting nations, and Patagonia (+ its extended universe/other misc nations he has made) is a good example of a nation inspired by TNO that turned out really good.

But unfortunately, people like to flock to either BurgSyn (Nazism^2 but run by the SS), Omsk ("ALL GERMANS MUST DIE, AHIGAGIOANW"), or "Funni Clockman" (an insane man in the middle of Russia)
