I use all NS stats (even the dumb ones like weather) except for population  
 Most of my lore is spread around the forums (In cases of conflict, the most recent is canon) because I can't be bothered to make a factbook for everything.  
 There is no prize for finding all of it, not even bragging rights. Why would you brag about something like that?  
 I have no idea what I'm doing and making this up as I go

My nation - which is pretty much just a unified Korea with some extra territory - represents my real views, as does pretty much anything I say on the forums. NS stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.
