New guy; but seems to be increasing in presence.

A federal left-wing nationalist country situated in a fictional world in the extended Cold War timeline. Authoritarian by Western standards, Libertarian by Eastern standards. Atomic Tech - The year is 1978.

In process of retconning, especially regarding geography and demographics.

I have no idea who they are, and they have 107 million people, but since they've managed to stay in the east pacific for more than 3 days I say they are pretty well known

I've done Drongonia several times already in this thread, and the only reason I'm doing it here is because I want to respond to the other guy while also not seeming like, according to a thesaurus, a "dejection"

So anyways, between the indexes, omnipresence on F&NI, F7, NSG and probably a few other forums I don't bother to check, Drongonia is quite well known with a quite impressive NS forum resume. With consistent quality responses as well, Drongonia is well known for a good reason

New phone, who dis?

Sorry, you have a grand total of 7 (maybe 8 by the time I finish writing this) posts? Considering the last time I was on this forum was a couple hours ago lurking yet again, I can confidently say I have never seen you in my entire NS lifespan. You pretty much just popped into existence. Not well known

Very well known. The Front Range is a familiar face around F7. Their flag is also very memorable, as they often adapt it to current holidays.
