Coldwoods is a fictional country based in the Western Isles. The Western Isles is a realistic roleplay region designed to exist in reality while not being in the same universe as ours. Coldwoods does not use Nationstates statistics, but rather its own statistics found in its overview factbook.

India?

Factbooks and dispatches (which are works in progress) are the primary source of information for my nation. I try to have my stats match my idea of my nation but I think policies are the stat I can control the most.

I don't dislike anyone here. Agree or disagree, we're all compadres. :-)

Welcome to Akrellia! This is an idea for a planet that has been floating in my head for a long time (At least 2 years). The locals (The Akrellians) are reptilians (with certain mammalian features, of course... I swear I'm not a furry), but all species are allowed on Akrellia!
