### Pulsar One - Fill The Drums

This is a new musician for me, so let me tell you about him in a few words. Pulsar One is a 22-year-old Canadian artist who writes electronic music in the jungle and d&b subgenres.

Now about the song as a whole, Feel the Drums was released as part of the album "Reality Transmission Volume 1" which was released on July 1, 2022. Genre: electronic music, subgenre: jungle. As you can see, I had a myth that any jungle is necessarily something very old from the 90's, but no, this subgenre is still alive today, which is definitely something to be happy about ;).

### Subaruu - Hawkeye Downs

So, this is a song from a completely unknown artist, but it sounds very classy in my opinion.

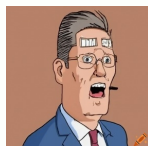

Anyway, Hawkeye Downs is a single released by Subaruu, was released on July 7, 2021. Genre: electronic music, subgenre: I think breakcore, because the subgenre is not exactly defined :(

Is it because you're tired of active dance and a brightly colored Adidas tracksuit that you magically want to wear? I get it.

**Sewerlvt- Mr.Kill Myself**

Overall, this song was released as part of the album "Draining Love Story" which was released on January 25, 2020. Genre: electronical, subgenre: breakcore. I like this song because it's long and very sensual.
