You are subjected to "Renerve Therapy"; in other words, your brain is physically altered and your reward pathways and emotion centers are reworked so that you are physically sickened by the mere thought of committing said crimes against humanity again. It also has the nice side-effect of making you better at sensing and predicting other people's emotions and actions, which tends to help you with any given career.

Altering a kidnapped 7 year old girl's brain to give her crazy psionic powers and turn her into an ultimate weapon so you can achieve world domination

Creating a Trans-Anarcho-Juche political party.

Our nation is Poland, but there was a great Nazbol revolution, which overthrew the PZPR and freed Poland from USSR, in 1993. The Iron Curtain still exists, but it has changed its borders.

That is a serious breach of contract (which is required to live in any of our settlements; if they are a visitor from outside of the Fallen Angels, that's a different contract, but that would be a breach of that contract too). When our security forces show up to deal with the "fire", you would likely be detained; attempt to resist and you'll likely be hit by flashbangs, tazed, and possibly beaten to a bloody pulp, before they zip tie you up to bring you in for questioning. Following questioning, you'll receive a fine of no less than ₿25 (bitcoins). If you cannot pay that off immediately (which is very likely; even ₿1 is a very large sum of money that most working class persons cannot afford to pay if suddenly forced to), all of your assets will be seized and you will be forced into indentured labor (paying 1 satoshi per hour, or 1/100000000 of a bitcoin) until you can pay off the rest of the fine, while the fine accrues a 30% interest per year. This is a debt that you would almost certainly never be able to pay off in your lifetime. When you die, your debt will be inherited by any surviving relatives or associates.

No such crime. However, resisting a lawful arrest may be charged with a misdemeanour Obstruction of Justice, punishable by a short jail term.

Impossible sir, Hans Hamilton is immortal.

An attempt of doing so would be condemned with death penalty preceded by public humiliation.

Capital or corporal? For the former, it's up to life in prison because murder of a baby already born, or is pregnant in the third trimester is murder. If in second trimester, its up to 15 years, and is legal in first trimester.

For the latter, not a crime if no physical damage is done.
